MBUSA reserves the right, in its sole discretion, to amend or to introduce new Standards for the Certified Collision Program from time to time. These changes will be communicated in advance and will be included in the next audit as revised Standards, together with a compliance deadline. (The MB CCC shall adhere to all new Standards upon the upcoming audit. Any failure to meet such Standards at such time will result in deficiencies, which must be timely cured in accordance with the procedures set forth herein.) It is the responsibility of the MB CCC to periodically check the website for updated documents and materials on the MB CCP.

The submission of this Application is not to be considered approval of the same, which may only be issued in writing by MBUSA after a full review of the application materials. It is acknowledged that the Dealer is submitting this Application on a voluntary basis based upon its review of the materials provided and based upon its own business judgment. MBUSA in no way guarantees any economic results or assure increases in the Dealer's profitability or customer satisfaction scores from Dealer participating in the Program.
